THEME TEAM DISCUSSION

MEMBER PROFILE:

Candice
Miller

Defending America:

Under the leadership of Republicans, Congress has strengthened national defense, increased benefits for our men and women in uniform and protected our troops with advanced body armor and equipment. In contrast, Democrats finally unveiled a national security agenda that demonstrated once again, they prefer demagoguery over action.

Statesman Spotlight: Candice Miller

Top Gun. Candice's husband, Don, was a fighter pilot in Vietnam, and is a retired Air Force Colonel. He also served as Base Commander at Selfridge Air National Guard Base.

Power Couple. Candice met her husband when he was base commander at Selfridge and she was supervisor of Harrison Twp. (where the base is located). After several disagreements they decided he would take care of base and she would take care of township.

"Old Goat Society?"

Candice has raced sailboats her entire life, and competes in the Port Huron to Mackinac Race, one of the longest annual freshwater races in the world, every year. She won the race last year and

has done the race 27 times, qualifying her for the "Old Goat Society;" an honor reserved for those with 25 or more Mackinac Races under their belt.

Captain Candice. Candice was a member of one of the first all female crews in both the Port Huron to Mackinac and Chicago to Mackinac races, which are the two longest freshwater regattas in the world. She says its better to be one of the only women on board so she can supervise the men.

Special Order Spotlight

"But when we passed this bill in November of 2003 and the President signed it into law shortly thereafter in December, we had so much criticism from the other side of the aisle, it was really amazing. Of course, maybe I could understand the politics of it back then because we had finally delivered on a promise that maybe they had made and not delivered on. But we are

into the sign-up period, and, in fact, May 15, after that date there is a penalty for late signing up, and yet the other side is still discouraging the 8 million that have not yet signed up. And that is, Mr. Speaker, I think just so disappointing." *[Rep. Phil Gingrey On The Medicare Drug Benefit, 04/06/2006]*
